

A BILL FOR AN ORDINANCE

RELATING TO AGENCY REPORTING REQUIREMENTS.

BE IT ORDAINED by the People of the City and County of Honolulu:

SECTION 1. Council Findings and Purpose. The Council finds that in April of 2013 the Council Chair requested the City Administration to review a proposal to repeal or modify a number of agency reporting requirements that had, over time, been enacted into ordinance but may now be unnecessary or have inaccurate references. Via Mayor's Message 7, dated January 27, 2014, the Administration agreed with most of the recommendations contained in the proposal, but recommended in some instances that certain reports be retained, but provided less frequently and that certain reporting requirements be clarified.

The purpose of this ordinance is to implement City agency reporting requirement recommendations for which there is consensus between the Council and City Administration. By doing so, this ordinance will relieve agencies from having to file unnecessary reports and reduce the frequency of the filing of other reports. This ordinance also updates references to City agencies that have been renamed since the enactment of the ordinances requiring them to file reports with the Council.

SECTION 2. Section 3-2.7, Revised Ordinances of Honolulu 1990, as amended ("Art in city buildings") is amended by amending subsection (d) to read as follows:

"(d) [On or about March 1 of each year, the director of finance shall report to the council the amount of money appropriated for art pursuant to Section 3-2.7 which lapsed as of December of the immediately preceding calendar year.] Monies which the commission was unable to expend or encumber in the immediately preceding calendar year for the acquisition of works of art prior to their lapsing pursuant to Revised Charter Section 9-106.3 may be reappropriated in the capital budget effective July 1 of the fiscal year next following the lapsing of such funds."

SECTION 3. Section 3-2.8, Revised Ordinances of Honolulu 1990, as amended, is amended to read as follows:

"Sec. 3-2.8 Art inspection, inventory and maintenance.

(a) In order to preserve and account for the city's movable and permanent works of art, the mayor's designated coordinator and liaison to the commission, henceforth referred to as the arts coordinator, shall:

A BILL FOR AN ORDINANCE

- (1) Annually inspect and conduct an inventory of such works of art; [and]
- (2) Develop an annual maintenance, preservation and restoration program and budget for the city's movable and permanent works of art[.]; and
- (3) File with the city clerk on a biennial basis a report on the art inspections and inventories conducted since the immediately prior report.

The arts coordinator may engage consultants as is necessary to assist in the performance of these duties.

- (b) On or before March 1 of every year, the arts coordinator shall submit [a report] to the mayor and the council [on]:

[(1) The results of the annual inspection and inventory; and

(2)](1) An annual maintenance, preservation and restoration program for the city's art inventory, including a description of the program, its needs and accomplishments; and

[(3)](2) The amount of funds budgeted for the upcoming fiscal year for the annual inspection and inventory, and for the maintenance, preservation and restoration program.

- (c) To accomplish the duties provided in this section, the arts coordinator may request funds through the annual operating budget.
- (d) For the purposes of this section, "movable and permanent works of art" means a work of art, as defined in Section 3 2.1, purchased or otherwise acquired by the city or made an integral part of a city building."

SECTION 4. Section 4-7.2, Revised Ordinances of Honolulu 1990, as amended, is repealed:

["Sec. 4-7.2 Report by mayor or designated representative on anticipated or ongoing collective bargaining matters.

- (a) Prior to entering into negotiations for or amendments to collective bargaining agreements, or as soon thereafter as practicable, the mayor or designated representative shall appear at a council or committee meeting and report on the

SECTION 5. Section 6-47.1, Revised Ordinances of Honolulu 1990, as amended, is amended to read as follows:

"Sec. 6-47.1 Use of wastewater system facility charges.

- (a) All moneys received as wastewater system facility charges are intended to recover an equitable share of the value of the capacity in the backup facilities which were or will be constructed to serve that new applicant for sewer service or an existing sewer user and shall be deposited into the sewer fund created by Section 14-8.1 and shall be accounted for and expended for the expansion of and addition to the capacity of wastewater facilities. Unencumbered or lapsed wastewater facility charge moneys shall remain in the sewer fund earmarked for the stated wastewater facility charge purpose and shall not become available for other sewer fund uses.
- (b) For the purposes of this section, "wastewater system facility charges" and "backup facilities" mean the same as defined in Section 14-1.2.

the city, including shipping, insurance, travel and other costs related to the purchase of such animals. [Whenever funds are expended from this fund, a report on the expenditure shall be provided to the council by the department of parks and recreation by the end of the quarter following the quarter in which the expenditure was made.]"

SECTION 7. Section 9-1.11, Revised Ordinances of Honolulu 1990, as amended ("Mandatory recycling program for city government"), is amended by amending subsection (e) to read as follows:

"(e) Articles 5 and 6 of this chapter shall not apply to any violation of the mandatory recycling program.

[At least once every two years from July 1, 2004, the division shall evaluate this subsection and recommend to the council whether:

- (1) Articles 5 and 6 should remain inapplicable to the mandatory recycling program; or
- (2) Articles 5 and 6 should be made applicable in order to eliminate or reduce violations of the program.

The division shall submit its recommendation to the council by July 1 of every even-numbered year.]"

SECTION 8. Section 9-3.1, Revised Ordinances of Honolulu 1990, as amended ("Business"), is amended by amending subsection (c) to read as follows:

"(c) The owners of liquor-serving establishments shall arrange and provide for the separate collection and recycling of glass containers and the owners of office buildings shall provide for the separate collection and recycling of office paper, newspaper and corrugated cardboard. In so doing, liquor-serving establishments and office buildings shall not place those recyclable materials in the same containers as those holding refuse, or in a manner which causes or is intended to cause the collection of the recyclable materials with refuse. For the purposes of this subsection:

- (1) "Liquor-serving establishment" means a business establishment that sells liquor or intoxicating liquor to be consumed on the premises of the establishment, and shall include bars, nightclubs, cabarets, taverns, and any restaurant where liquor or intoxicating liquor is sold for consumption on the premises, including restaurants within hotels and office buildings;

A BILL FOR AN ORDINANCE

- (2) "Liquor or intoxicating liquor" means the same as is defined in HRS Section 281-1[.]; and
- (3) "Office building" means any building with, or group of connected buildings with an aggregate of, 20,000 square feet or more of office space, excluding common areas; provided that office space shall not include any portion of a building used for resort, retail or educational purposes.

An office building, as defined in this subsection, which is occupied by city agencies, in whole or in part, shall be subject to the requirements of this subsection, except where the city agencies are already participating in a recycling program under Section 9-1.11.

The owner of a liquor-serving establishment or office building may petition the chief for an exemption from the recycling requirements of this subsection in part or in full if the owner can demonstrate that the establishment or office building, as the case may be, does not generate a sufficient amount of the designated recyclable material to warrant separate collection for recycling.

The owner of a liquor-serving establishment or office building may petition the chief to suspend the applicability of this subsection to the applicant if the applicant demonstrates that recycling service for the items the applicant is required to recycle is unavailable to the applicant, or that the cost of recycling the applicable recyclable materials exceeds the cost of disposing of those same items at the HPOWER facility or the city's landfills. If the chief grants the application, the requirements of this subsection shall be suspended until such time as recycling service becomes available to the applicant, or the cost of the recycling service is less than or equal to the cost of disposal of the recyclable items at the HPOWER facility or the city's landfills. The chief shall, from time to time, review the availability and cost of the recycling service to those persons for whom the requirements of this subsection have been suspended. For the purposes of this subsection, the "cost of the recycling service" shall include only those costs that the recycler would charge the owner of a liquor-serving establishment or office building, whichever is applicable, for picking up and disposing of the items to be recycled, and the cost of disposal of the items to be recycled at the HPOWER facility or the city's landfills shall include the city's tipping fee and the cost of transporting the recyclable items to either of the aforementioned disposal facilities. If the chief determines that the requirements of this subsection shall no longer be suspended with regard to a particular liquor-serving establishment or office building, the chief shall notify the owner of the

A BILL FOR AN ORDINANCE

establishment or building by registered mail and such owner shall be required to recycle the appropriate items in accordance with this subsection within 60 days of receipt of the notice.

The chief may also suspend the requirements of this subsection during the period of a work stoppage or any other interruption of refuse collection service to the office buildings and liquor-serving establishments that are subject to this subsection.

[The chief shall prepare and submit to the council an annual report on the progress of the implementation of this subsection. The report shall be submitted on July 1st of each year; provided that the first annual report shall be submitted on July 1, 1997.]"
